Breeze Flag Kit

Breeze Flag Kit BF1

GREAT AMERICAN'S TRIANGLE FLAG KITS:

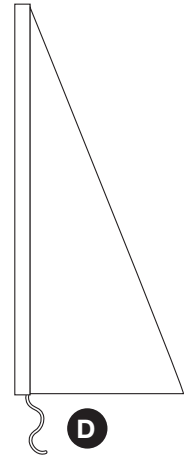

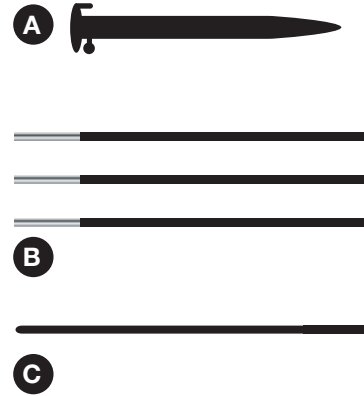

- ★ Assembles in minutes!
- ★ Durable for Outdoor Use

Each Breeze Flag Kit Includes:

- A. 1 Ground Stake
- B. 3 Pole Segments with silver sleeve
- C. 1 Pole Segment with black plastic cap
- D. 1 Breeze Flag (BF)

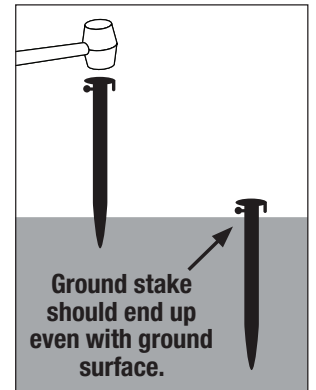

Optional Tools Needed:

- Rubber Mallet

Ground Stake Installation:

Using a rubber mallet or hammer, pound the flat end of the ground stake (A) into ground until it is almost flush with the surface. It is important to make sure that the stake is as vertically level as possible so your flag will stand up straight and support its' weight in windy conditions.

Flagpole Assembly:

1. To assemble the flagpole, start with the capped pole segment (C) and slide the non-capped end into the silver sleeve of another pole segment (B). Continue stacking the remaining segments (B) in the same manner until pole is complete.

2. Slide the flag sleeve (D) down the pole starting at the capped end, pull flag taut and tie the attached ribbon to the pole to secure it.

3. Slide the pole into the open hole in the ground stake (A) and you're done!

TIP to keep your flags looking fresh:

It is recommended that you do not leave your flags out in inclement weather. Slide the pole out of the ground stake to store away and prolong the life of your flag.

Note: Do not lean or hang on the pole. It is not built to withstand significant weight.
